## Principal's Message

Dear Parents,

This Thursday is our technology presentation to assist parents in forming children in the right use of technology. The growing amount of electronic media and young peoples' access to these devices ought to impel us to actively engage our children in learning personal restraint and understanding of right and wrong use of technology. This technological self-discipline serves as a means to help further form the human person. The following excerpt from a recent Church document highlights the importance of our role to assist our children in these uncharted waters.

“The growing development and diffusion of new technologies provide means and instruments that were unconceivable up to just a few years ago. However, they also give rise to questions concerning the future of human development. The vastness and depth of technological innovations influence the processes of access to knowledge, socialization, relations with nature and they foreshadow radical, not always positive, changes in huge sectors of the life of mankind...”

Within the context of these changes, schools have a meaningful role to play in the formation of the personalities of the new generations. The responsible use of the new technologies, especially of internet, demands an appropriate **ethical formation**. All of us need to understand the processes, languages, opportunities and challenges of the new technologies, but above all to become *communication educators*, so that these technologies may be used with discernment and wisdom.”

In Christ,

Sister Ann Hyacinth, O.P.  
Principal

### Children Unattended

Parents, children are not allowed to be left unattended after school to wait for any sporting event, drama event, or other activities. Students need to be supervised by their coach or by their parents, rather than an older sibling who is practicing or waiting to practice. For example: The children are not allowed to wait in the gym or gallery for an hour watching another team practice until their practice starts. This is for the safety of the children.

### Band

In December Sam Killian ( drums ), Will Breauer (trumpet), and Eddie Gonzalez( saxophone ) tried out for the Middle Tennessee Band and Orchestra Association Honors Band. They were competing against 7th,8th, and even 9th grade high school students for a spot in this highly prestigious honors band. All three did extremely well, and placed higher than some of the high school students. Sam was the highest 7th grade drummer and ended up 12th out of the 155 drummers who tried out. He made a spot in the band and spent 3 days studying music at MTSU, and then had a great performance at the university last Saturday. **THIS IS A GREAT ACCOMPLISHMENT! CONGRATS!** And we are all proud of Sam, Will and Eddie!

### Witness of the Week

Witness of the week for Pre-K – 4<sup>th</sup> grade is Victoria Donato in Ms. Biga’s third grade class. Victoria showed her classmates how important it is to be kind to others. When a classmate was sick Victoria made her a card and gave her a lollipop so that she would feel better. Witness of the week for 5<sup>th</sup> – 8<sup>th</sup> grade is Samantha Oliphant in Mrs. Hobb’s sixth grade class. Samantha showed her classmates how important it is to be positive and friendly to others.

When in class Samantha is always polite and works to her best ability while having a positive attitude.
